SUBSTITUTE SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

A Supplemental Information Disclosure Citation Form PTO/1449 was filed November 10, 2005. Applicants have discovered that one of the entries in the PTO/1449 filed November 10th contained a typographical error in the patent number, transposing two digits in the entry for U.S. Patent No. 6,129,152, issued to Hosie et al., which was inadvertently identified as U.S. Patent No. 6,129,512. Applicants therefore submit the attached substitute PTO/1449 correcting the typographical error in the identification of Hosie et al. that is otherwise identical to the PTO/1449 filed November 10th.

While Applicants respectfully submit that no fee should be due for the submission of this substitute Form PTO/1449 correcting that typographical error, should the Office determine a fee is due, the Commissioner is hereby authorized to charge any deficiencies or credit any overpayments to Deposit Account No. 16-2435.

It is respectfully requested that this Substitute Supplemental Information Disclosure Statement and the documents listed on the attached replacement Form PTO/1449 be considered and acknowledged by the Examiner in connection with the above-identified patent

application, be made of record therein, and that the listed document(s) be cited in the issued patent.

Respectfully submitted,

Richard D. Fladung, Reg. No. 30,834
